Rim Grip Drum Handler

(PB-GG)

The Rim Grip drum handler is the drum handler to choose for handling steel or plastic drums that are tightly packed together. The steel gripping head allows drums to be picked up or set down without spaces between, therefore making it an ideal attachment for stuffing or de-stuffing containers.

Model Ref	Capacity	No of Drums	To Suit Drum Type	Max Fork Size	Weight
PB-1-GG	360kgs	1	1 & 2	140mm x 50mm	60kgs
PB-2-GG	360kgs	2	1 & 2	140mm x 50mm	96kgs

- Fully automatic in operation
- Automatic grip lock feature to ensure drums are safely secured
- Height adjustment facility
